

February 2009 Seminar

Wednesday, February 11, 2009

Location to be determined
Continental Breakfast begins at 8:30 a.m.
Program from 9:00 a.m. to 5:00 p.m.

Contemporary Clinical Periodontics 2009

Jon B. Suzuki, D.D.S., Ph.D., M.B.A.
Temple University
Kornberg School of Dentistry
Philadelphia, PA

Course Description – This course will emphasize the new trends and concepts in Periodontal Diagnosis and Treatment Planning. Using biological basis for disease concepts and enhanced with relevant clinical publications, decisions for both non-surgical and surgical modalities of therapies can now be more predictable.

The microbiological and host response facets of periodontal diseases will be presented with extensions to systemic diseases and conditions, including myocardial infarction, cardiovascular accidents (stroke), preterm, low birth weight babies, rheumatoid arthritis, ulcers, and others. Advances in periodontal therapies will be included in this course. Ultrasonics, selective use of systemic antibiotics, local drug delivery systems, and periodontal surgical concepts have dramatically changed the scope of our periodontal therapies. These therapies will be included in treatment planning case preparations, periodontal surgeries, dental implant treatment planning, and ridge preservation techniques.

Educational Objectives:

- 1) Understand biological basis for periodontal diseases
- 2) Relate oral infections to systemic diseases and conditions
- 3) Describe advances in periodontal therapies
- 4) Understand concepts of periodontal surgeries including regeneration

About the Speaker – Dr. Jon Suzuki has a presidential appointment as Professor of Microbiology in the School of Medicine and Professor of Periodontology in the School of Dentistry at Temple University, Philadelphia, PA. He also serves as the Associate Dean for Graduate Education, Research and International Affairs as well as Director of Graduate Periodontology at Temple University. He has served as Dean of the School of Dental Medicine and Chief of Hospital Dentistry at the University of Pittsburgh.

Dr. Suzuki received his D.D.S. from Loyola University of Chicago and Ph.D. in Microbiology from the Illinois Institute of Technology. He completed an N.I.H. Fellowship in Immunology at the University of Washington in Seattle, and a Clinical Certificate of Periodontics at the University of Maryland. Recently he completed an M.B.A. from the Katz Graduate School of Business of the University of Pittsburgh.

He is in private practice limited to Periodontics in Philadelphia.
